Prima Capital Fund wins Best Fund of Hedge Funds Long/Short Equity over 10 years at BANCOawards 2015

Fundana SA is pleased to announce that Prima Capital Fund has been awarded the prize for Best Fund of Hedge Fund Long/Short Equity over 10 years at the BANCOawards 2015, held in Geneva.

The award recognizes not only the outright performance of the fund over the last 10 years, but also takes into account factors such as drawdown, time to recovery, and information transparency.

Launched in 2007 by BANCO, the Swiss Asset Management Magazine, the Swiss Hedge Fund Awards event provides unique insights into the hedge fund industry in Switzerland by identifying the best funds and managers.

“Winning this award is important for us as the last decade was anything but easy. We managed to navigate one of the worst worldwide financial crises in 2008 and the near collapse of the euro in 2011, not to mention the volatility in 2014 and this year” said Thomas Alessie (CEO). “The ability to have survived them and to continue generating performance is the direct consequence of a simple yet robust investment process and business model.”
